Political update
Dear Prime Minister...

• A letter to the PM calling for urgent action to improve support for children and young people with SLCN

• Signed by Lord Ramsbotham and Geraint Davies, Co-Chairs of the APPG on Speech and Language Difficulties, and many more APPG Chairs and Co-Chairs. Secured coverage in the Times Education Supplement.
Geraint Davies video

- Worked with Geraint Davies on a video about the update and the APPG letter – and he even had a bubble!
• Nick Smith MP – Master of Ceremonies

• 10 MPs attended

Really great to see Tyler in Westminster and he even got me to tell a joke (not something I am known for!) @Oakviewacademy1

Grace was amazing and did Barby Primary School and Northants proud!

Fantastic to meet my constituent Oliver from @JessopPrimary finalist in the @RCSLT VoiceBoxJokeCompetition & hear his very funny joke! Competition highlights vital role of speech & language therapy in developing communication skills & helping every child to fulfill their potential

Fantastic to see Hackney represented in the final of the #VoiceBox joke-telling competition. Run by @RCSLT, it underlines the value of speech & language support for our children. With the comedic talent on display today, British comedy is in good hands.
Policy Priorities
The long term plan: SLT in focus

Specifically mentioned...

- **Workforce** – there is an explicit recognition that SLTs are a workforce group which is in short supply.

- **New models of care for children and young people** – SLTs are explicitly referenced as part of the new models of care which will bring together physical and mental health services for children and young people to provide holistic care which is age appropriate and closer to home.

By implication...

- Children’s early language - engaging with NHS England to inform the development of the Children and Young People Transformation Programme.

- New focus on autism and learning disability

- NHS will support people to age well - end of life care

- Care Homes Vanguards roll out - dysphagia management

- Increased funding for mental health - opportunities for embedded SLT posts.
The implications...an RCSLT view

• The shift towards integrated care and place-based systems – an opportunity.
• Focus on population health, inequalities, prevention and partnership with local authorities – helpful for SLTs in wider community.
• Take a look at our series of briefs on the long term plan opportunities here

Bercow: Ten Years On – 1st Anniversary Update

• 1st anniversary update published on 6th March
• 17 of 47 recommendations achieved – but five areas where more action is needed:
  – Joint commissioning
  – Support for long term SLCN
  – Professional development
  – Incentivising schools
  – Vulnerable groups
Mental Capacity (Amendment) Act

- Excellent representation of our issues
- It is now an ACT!
- Taking work forward with the DHSC and Chief Social Worker for England
- Member of group developing the Code of Practice for the Bill

And

- Influencing MoJ and the refresh of the Mental Capacity Act 2005 Code of Practice
Mental Health

• Co-wrote a report to HEE’s Mental Health Board arguing for more AHPs in MH
• Developing ACP in mental health (HEE)
• Setting up Basecamp group to support SLTs
• Meeting with NHSE to discuss plans for CYP mental health in Long Term Plan
• Social media messages for Mental Health Awareness Week
Autism and Learning Disability

• Submitted response to the Government consultation on mandatory training for staff
• Responded to the DHSC call for evidence as part of the review of the national Autism strategy
• Drafting ideas for a RCSLT webinar
• Preparing for autism core capabilities consultation
Social Prescribing

- Supporting the development of a NHSE and NHSI framework for AHPs on social prescribing
- Linking into the personalisation agenda
- Lots of opportunities for SLT
- Launch in July
Provided evidence and expert member input to report on children and young people with autism and/or learning disability in mental health hospitals.

The report recognises variability of access to SLT in the community, quoting evidence from Bercow: Ten Years On.

The report also recognises links between communication needs and behaviour that challenges,

However

X There is growing evidence that justice posts cannot recruit SLTs
X Posts are being left vacant
X This situation presents risks for RCSLT and the profession

Member engagement

- Online consultation from 6 April on:
  - Key messages
  - Hashtag ideas
  - Activity ideas involving “75”

- The survey is accessible via: https://www.surveymonkey.co.uk/r/RCSLT75thAnniversary
Swallowing Awareness Day March 2019

- A campaign day to highlight how dysphagia affects people’s lives, and how speech and language therapy transforms the experiences of those living with the condition.
- The campaign reached 2.46 million people in 55 countries.
- 7,600 tweets posted which saw the hashtag #swallowaware2019 trending in the UK on 13 March 2019.
- Campaign collateral, including new posters, placemats, coasters and limited edition merchandise, were well utilised.
Communication Access Symbol Project

- The project has entered the early adopters phase.
- Organisations across the UK including local authorities, NHS Trusts, service user and charitable organisations and businesses are receiving training.
- Each of these organisations will now be able to display the symbol (as part of wider collateral), and will be monitored for a period of 6 months.
- The data we collect will be used to inform any changes ahead of a mainstream launch towards the end of this year.
International Communication Project (ICP)

- Narrative linking communication disability to the United Nations Sustainable Development Goals (SDGs)
- Celebrating communication as a human right for the 70th anniversary of the Universal Declaration
- Presenting at the UN Disability Conference in June
- Pam Enderby becoming President of IALP, representing at WHO
- Work on good practice with the developing world
