

Ongoing impact of COVID-19 on the speech and language therapy profession

413 RCSLT members responded to the survey between 12 August and 5 September 2020

Responses were received from SLTs working with children, young people and adults across the UK:

77% from England
12% from Northern Ireland
7% from Scotland
4% from Wales

The survey covered the following areas:

- The ongoing impact of the COVID-19 pandemic on service users
- The ongoing impact of the COVID-19 pandemic on speech and language therapy caseloads
- Delivering services remotely
- Workforce capacity and service priorities
