Learning Objectives

By attending the RCSLT National Student Study Day, you will:

- Understand which essential skills and knowledge will be in demand for the future
- Hear the latest tips and trends from managers recruiting newly-qualified practitioners about what they are looking for in the NQP of today
- Find out what essential information you will need to know to support you to complete your RCSLT newly-qualified practitioner framework in your first role(s)
- Learn from SLTs whose careers have taken them into a range of clinical areas and related roles
- Understand the vital role that you play as a student and future practitioner in building networks in your profession, and how they can support you as you move from student to newly-qualified practitioner
- Take advantage of a unique networking opportunity to help you begin your journey in the profession
